

CFI Design Resource Studio

ASID Intermountain Chapter

Invites you to a luncheon and CEU

## Demystifying Resins

IDCEC #8314 0.1 CEU for commercial and residential design professionals

*This program is geared toward professionals that have a working knowledge with other materials but little experience with translucent resin materials when designing partitions, wall features, countertops, doors, tables, seating and more...*

It will include illustrations on how translucent resins can be used as aesthetic alternatives to more traditional materials  
and

Review how resins are being utilized to remedy key issues of today: daylighting, reusable materials,  
energy efficiency and project economics

Thursday, March 11, 2010

12 noon – 1pm

Box lunch sponsored by 3form

Location: CFI Design Resource Studio 5430 W State Street Boise 83703

RSVP by March 9<sup>th</sup> :
